If just **1** family spent

per week*

= \$3,640
per year

*Who spends just that amount, right?

If all families at RXP & RXI enrolled
\$3,640 x 700* families = \$1,848,000

*approximate number of families

$\$1,848,000 \times 5\% =$

\$92,400
for our
school!

Why leave this money unclaimed?

If **EACH** family got 2 other families to
use the cards: **THAT** would be

AN EXTRA \$184,800 for our kids!

Get your co-workers, grandmas/grandpas,
neighbors, **EVERYONE** to use their card!
