

Toilet Paper Roll Rocket Craft

1. Wrap white paper around the toilet paper roll, secure with a glue dot.

2. Cut out the circle from the red paper, cut along the dotted lines to create a notched circle. Wrap the circle around to make a cone, secure with a glue dot.

3. Attach the cone on top of the toilet paper roll with glue dots

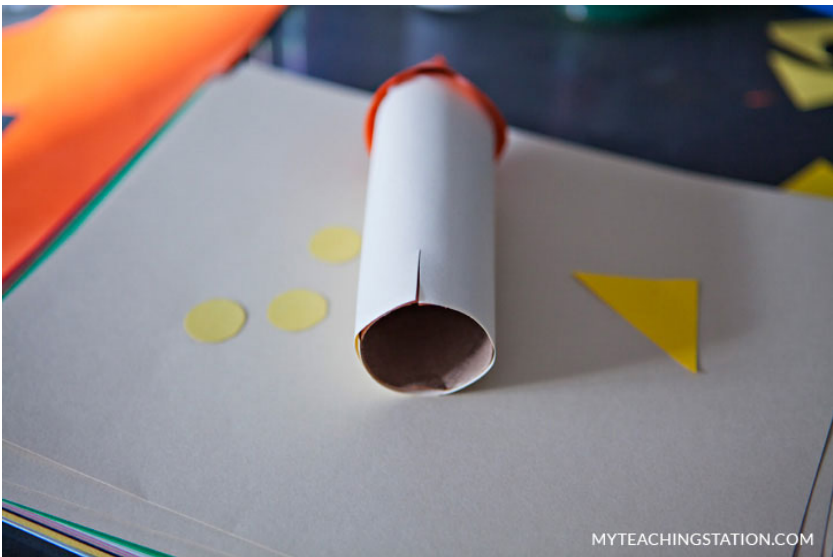

4. Cut out three small circles from the blue paper to make the windows of the rocket.

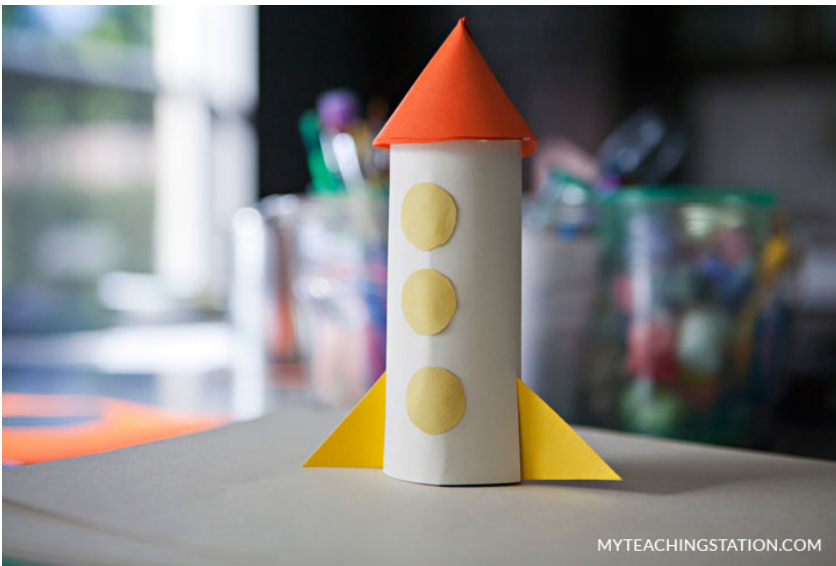

5. Cut out one small triangle from the yellow paper to make the fins for the rocket.

6. Make two small cuts (1" long) at the bottom of the toilet paper and insert the triangle.

7. Glue the blue circles on the toilet paper roll.

8. Add the tissue paper at the bottom.
